

Correction and Apology

We have acknowledged that some of our responses to the questions during the WG-9 Status Report at the last CPTWG meeting held on December 7, 2005 were incorrect. Please accept our apology and correction on our responses as follows.

1. Incorrect: DVD-Video format covers both HD DVD Video and the conventional-DVD-Video.

Correct: DVD-Video format covers the conventional DVD Video only. HD DVD-Video is covered by another format called HD DVD-Video format.

2. Incorrect: RPC (Region Playback Control) Sub-committee created under the DVD Forum Steering Committee will reconsider region control system on both HD DVD-Video format and the conventional DVD-Video format.

Correct: RPC Subcommittee will reconsider region control system on the conventional DVD-Video format only. RPC of HD DVD-Video is not targeted.
